5X1 * Comment. The report indicates that there were no apparent changes	i
in the occupation of the military installation at behaverin.	7 25X
The fluctuating number of troops occupying the barracks installations a	s ·

these units undergo surver training and are rotated to troop training grounds. Thus for instance the unidentified unit of the 10th 3ds RL Reg	
of the IX Mtz Wifle Corps which left the Mindenburg Kaserne on 18 Septem	ju Der
1952 is probably composed with noter vehicle conveys of units from Schw	erin
seen southwest of littricek on the same day. The observations made at	
Ocerries airfield confirm that the unidentified AFA regiment and the uni	
tified engineer battalion of the IX Mtz Rifle Dorps are stationed there.	
5X1 It is noteworthy that observed AT gams and howitzers at the barracks installation of the airfield. This indicates that elements of	
the Ath Res AT Arby rig (US) of the IX Mtz hifle Corps are stationed th	020

5X1 ** it is believed	
that the 71th (Hv') Tank SP Regt of the 91th 3ds Mtz Rifle Div was	
involved. 5X1 *** Comment. From 500 to 1,500 non have allegedly been observed in the	_
